January 3, 2023

On behalf of the Cape Henlopen School District and families that are homeless and/or disadvantaged in our area, we want to thank you for your incredible generosity during the holiday season. The mission of the Cape Community Caring Event is to provide gifts to the students and families in need and we definitely succeeded! Your personal commitment was incredibly helpful and allowed us to reach our goal. The support you provided is truly appreciated and will make a significant difference in the lives of our students.

This year we helped families with children ranging in age from infants to seniors in high school. Together, we helped to provide a happy holiday for OVER 500 Cape students from 220+ families. It is heartwarming to witness the kindness our community continues to show year after year. Because of your generous giving, we were also able to distribute a family gift for them to enjoy together.

Your contributions have a positive impact on our Cape families in a way that you may never see. Your giving helps support our students' academic, physical and social emotional well-being. It is very rewarding for our District to have your support in assisting the future leaders in our community. We are so grateful for the understanding and empathy you have shown to the disheartening situation in which many families find themselves. Again, your donations were both thoughtful and generous. While your help means so much to us, know that it means even more to the children of our community.

Thank you for giving back to your community.

Sincerely,

Shawna Steinmann
CHSD Assistant Homeless Liaison
